We've been called Leaders. Lifesavers. World Changers.

We're also called Spartans.

Every day, more than 500,000 Spartans around the world—alumni, students, faculty, and staff—make a difference.

Together, we tackle some of the world’s toughest challenges to find solutions that make life better.

We teach. We explore and discover. We collaborate and lead. We innovate, inspire, and empower.

Visit the Spartan Sagas website to share your story or to nominate a Spartan who is making a difference.
